
Pistachio cloud

- 1 package Dream Whip or 2 cups (500 mL) Cool Whip
- 14-oz. (398-mL) can of crushed pineapple, not drained
- 1 cup (250 mL) miniature marshmallows
- 1 package (4-serving size) pistachio instant pudding
- 1/2 cup (125 mL) pistachio nuts (optional)

Prepare Dream Whip (if using) according to package directions.

Add pineapple, marshmallows and pudding mix.

Mix well. Place in a glass bowl. If desired, sprinkle with pistachio nuts.

Chill several hours before serving.

Taste-tester notes: *This light, fluffy dessert is both easy and tasty. You just add the pudding mix (without preparing the pudding as usual). The result is a strong pistachio flavour that pairs well with the pineapple and marshmallows. I didn't find the additional nuts were necessary.*
